Neutrals ensure that your home remains timeless and grows with you over the years as your style and needs change.

Grey's versatility, and often chameleon-like qualities, makes it suitable for almost every style of home. From grey to black, their qualities can blend in well with most surroundings.

Primaries give strong, bold accents and are as comfortable on traditional doors as they are on contemporary. When you want a more prominent statement, the choice of strong colours help emphasise your door.

Woodgrains are ideal for creating a warm and homely rustic appearance although with modern hardware make a striking contrast on contemporary architecture.
