HARDWARE OPTIONS

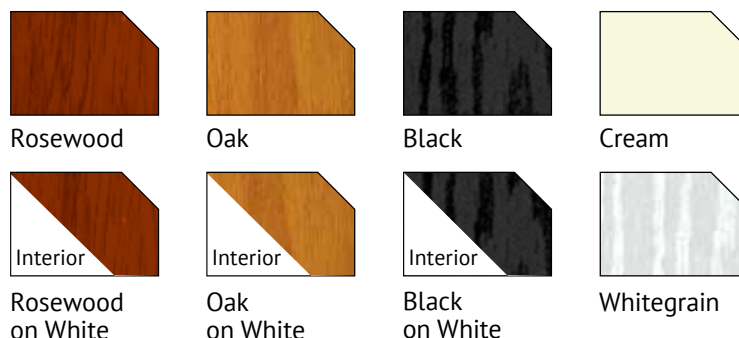

STANDARD FINISHES

A select range of hardware finishes are available to suit contemporary or traditional installations.

PlatinumNRG Chamfered

PlatinumNRG Sculptured

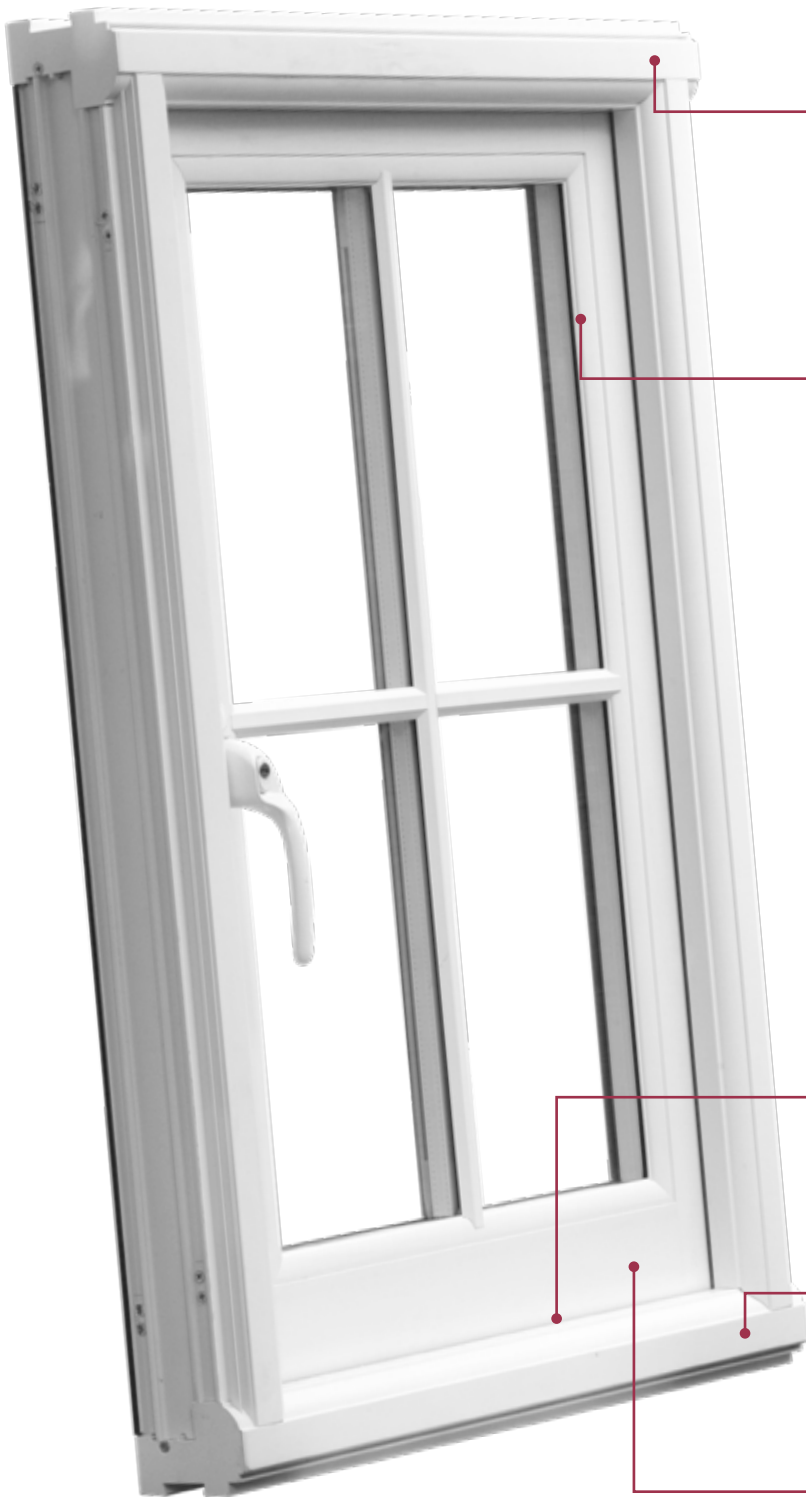

ADDITIONAL Hardware Options

OPTIONAL FINISHES

A wide range of woodgrain and coloured-foil options are available for either or both internal and external faces or even differing frames

FlushSASH

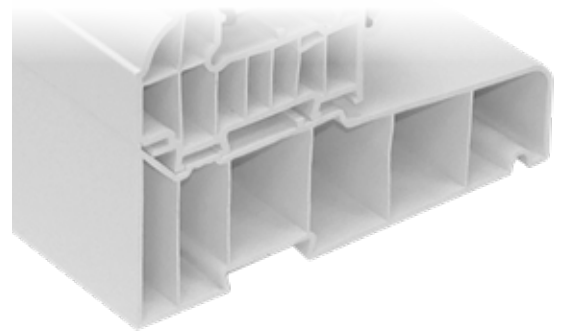

Based on the thermally efficient PlatinumNRG FlushSASH system, Revival offers the realism of a pre-1930's timber window combined with 21st century benefits – featuring a number of exclusive enhancements.

Optional Casement Sash

Although Revival is popular with a FlushSASH to replicate timber, the Revival frame will also accept any of our standard rebated sashes

Deep Timber-look Cill

Another exclusive to PlatinumNRG, our 50mm thick cill is 163mm wide and features traditional throat drip detailing for a realistic timber effect.

Deep Reveal

Revival deep frame allows for an internal platform, to which a fully operational peg and stay can be fitted for an even more authentic finish.

Exclusive 85mm outer frame

Only available from PlatinumNRG, Revival's outer frame contains 7 chambers for optimal thermal performance and strength.

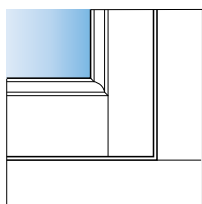

Optional Deep Bottom Rail

Revival replicates the butt-jointed, deep frame sections found on many older properties and retains the character and aesthetics of your home.

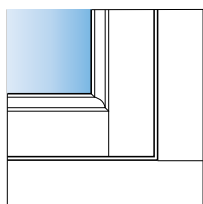

Monkey-tail 'working' peg-and-stay

GLOSS FINISH

Polished finish reduces cleaning and maintenance and retains a cleaner look for longer helping resist airborne pollutants and moulds

HIGH TECHNOLOGY

High-tech multi-chamber design intelligently uses structural PVCu for high strength in both the sash and the frame

CHOICE OF FINISHES

A selection of standard colours or an extensive range of pre-finished foils are available

100% LEAD FREE PVCu

Completely free of poisonous lead stabilisers

UNIQUE SCULPTURED FRAME

Intelligent design allows any sash from the Platinum NRG range to be used with the Revival frame and cill.

CHAMFERED or SCULPTURED SASH

A choice of either a chamfered or a more traditional sculptured sash are available

ENERGY EFFICIENCY

PlatinumNRG is one of the best performing products on the market, taking full advantage of the increased thermal efficiency offered by its multi-chamber profile.
